

Project Title: BSC Support Hub – A Web Platform for Undergraduate Academic & Career Growth

Idea Summary:

A platform designed specifically for BSC students to get centralized support in academics, career planning, networking, and mental well-being. The goal is to create a student-first environment with categorized help: resources, mentorship, opportunities, and peer collaboration.

Required Feature List (excluding Login/Signup):

1. Smart Resource Navigator

- a. Filter and search academic materials by subject, course, university, or topic.
- b. Supports uploading, downloading, and preview of files (PDFs, slides, videos).

2. Mentor Connect

- a. Request mentorship via form.
- b. Schedule meeting slots (Google Meet/Zoom integration optional).

3. Job and Internship Tracker

- a. Aggregates latest job/internship postings for BSC-level students.
- b. Filter by location, field, experience level.

4. Announcement Board

- a. Platform-wide notices about academic competitions, scholarships, conferences, or student programs.
- b. Admin/teacher-only posting.

5. Personalized Dashboard

- a. Shows saved jobs, joined mentor chats, bookmarked resources, and event reminders.
- b. Academic progress tracker or weekly goal checklist (basic UI).

6. Notifications and Alerts

- a. Email confirmation on registration
- b. Notifications for new events from subscribed clubs
- c. Event reminder

THE END
